Practical field scenarios

NFPA 1670 Compliant

Course Description

This training is DSHS and TCOLE approved for 24 CEU hours for Animal Control Officers and Law Enforcement. This class is NFPA 1670 and 1006 compliant and skillsheets will be issued for Firefighters to be accepted for training hours by your AHJ. Incidents that involve technical rescue of animals require special considerations and knowledge. This class blends NFPA 1670 Technical Animal Rescue skills for both small and large animal with veterinary triage and decontamination for field response. This class will also meet the criteria for Animal Search and Rescue (ASAR) team training guidelines in the 2018 FEMA Resource Typing Instructors provide animal search and rescue training for animal control officers, humane responders, and first responders working in disaster or technical rescue situations.
